East Coast

CENTRAL COAST FRESH JUICE - ORANGE, GRAPEFRUIT AND A WHOLE LOT MORE!

Locally, here on the Central Coast of NSW, Australia, we are best known as a supplier of fresh citrus fruit juices. There are the bartender's favourites - our 100% pure lemon and 100% lime juices plus our divine orange and grapefruit juices from our Central Coast orchards. Our fresh orange juice couldn't taste any better if you'd picked the fruit from the tree yourself! Importantly, our citrus juices never contain concentrate. Additionally, Eastcoast Juices supply a whole range of beverages, blended and bottled at Kulnura, and sourced mostly from Australian fruit. Favourites include our guava fruit drink and country style lemonade.

DRINKING STRAWS MADE FROM PLANTS

It's simple, really. Nature makes lots of things which are functional and beautiful, but they were forgotten with the invention of synthetic materials. We're just bringing back nature's original straws, which are hand harvested by our farmers. No pesticides, no processing, no nasties. Simple, the way nature intended.

MINOR FIGURES

Minor Figures

NITRO COLD BREW

Minor Figures are trying to make the best iced coffee possible. Minor Figures choose the in-season coffee, roast and brew at our micro-brewery. Minor Figures flash brew, then steep for a long period of time to produce a complex and bright flavour. Minor Figures then serve straight or blended with our oat milk. Minor Figures write the origin and varietal of the coffee we used on the back of the can, the same way you'd find that information on a bag of specialty coffee.

Ruby and Roy's

IT'S A SECRET AND WE'RE NOT TELLING...

Our yoghurt takes three days to make. Most other yoghurts take one day. The rest is a secret. But what we can tell you is that's why it's incredibly thick, creamy (without the high fat) & silky smooth. It's often said that it's what is not in our yoghurt that makes it so good. Ruby & Roy's Yoghurt is handmade, the yoghurt is strained to filter out the watery whey, using a very old technique, so what you're left with is the thick, creamy & best bit!
